SENIOR AI PRODUCT OWNER

AI Product Strategy | Enterprise Data Orchestration | SQDC Framework Optimization

Strategic Technical Product Leader with 20+ years of experience, lately bridging frontier AI capabilities with complex enterprise architectures. Expert in leading "Innovation Engines" to move GenAI products from prototype to production-grade deployment. Proven track record of delivering high-impact AI agents that drive operational excellence and measurable business value.

PROFESSIONAL EXPERIENCE

Technical Architect Director (AI Product Lead)

SALESFORCE

Ohio, Remote

August 2023 – Present

- **GenAI Design & Delivery:** Defined and delivered [Hallmark's Service Agent](#) and the [BetFanatics](#) customer service bot, ensuring exceptional user experiences and robust AI-driven responses.
- **Solution Lead:** Currently leading the solution architecture and roadmap for **Sparky**, an AI agent providing strategic account planning and pipeline insights for the energy sector.
- **Specialized Energy Agents:** Designed the **Wind Parts Identification Agent** and **Pacbot** (Knowledge Base AI) for the GE Vernova Wind division, accelerating time-to-value for customer service reps.
- **Production Scaling:** Architecting "agent-ready" data environments to enable the deployment of autonomous enterprise workflows.

Senior Manager, Solution Consulting

SALESFORCE

Ohio, Remote

September 2020 – August 2023

- **Multidisciplinary Leadership:** Directed a 10+ person "Prebuild" team of designers and architects to ship production-ready technical artifacts for the **Ford project**.
- **C-Suite Advisory:** Partnered with the **Humana CIO** to establish digital transformation roadmaps and evaluate enterprise readiness for multi-cloud implementation.

Senior Manager, Salesforce Practice

CYANGATE

Ohio, Remote

March 2018 – September 2020

- **Practice Leadership:** Oversaw the Salesforce, MuleSoft, and Apttus practice to drive consulting growth and product-related business development.
- **Team Management:** Led and developed a technical team of 10 people to deliver complex integrations and custom platform solutions.

Sales Excellence & Product Operations Manager

HONEYWELL

Ohio, Remote

2016 – March 2018

- **Product Roadmap:** Cross-collaborated with business and technical teams to deliver a **2-year capability roadmap** for the global Salesforce ecosystem.
- **SQDC Impact:** Increased weekly user adoption from **54% to 94%** through UX improvements and the launch of 5 major functionalities (e.g., deal scoring, account segmentation).
- **Data Integrity:** Merged 39,000+ records to create a "Single Source of Truth," established as a baseline for all data-driven decision-making.

Channel & CRM Product Leader

GE HEALTHCARE

Ohio, Remote

2013 – 2016

- **Rapid Delivery:** Delivered a fully functioning, Salesforce-based partner portal for Eastern & African Growth Markets in less than 12 months.
- **Enterprise Scale:** Led a CRM transformation for **18,000 global employees**, resulting in a **30% reduction in operational costs**.

EDUCATION

- Duke University MBA 3.75 2008
